Credit transferred from other schools is limited by the following restrictions:

- No more than half of the credits URI requires for graduation can be transferred from two-year institutions
- Students must earn at URI at least one-half of the credits required for a major, and at least one-fourth of the credits required for graduation
- Only grades earned for course work at URI are included in the calculation of a student's grade point average.
- An official transfer credit evaluation will be available online within 21 days of admission.
