

TurningPoint and Sakai for Windows

Turning Technologies is now integrated into the URI Sakai system. It features:

- Students register their TurningPoint device from within Sakai.
- Faculty then export the Participant List from Sakai to their TurningPoint client.
- Faculty can send TurningPoint grades from their TurningPoint client to Sakai.

Before utilizing these features, faculty need to add the **Turning Technologies** tool and either the **Gradebook** or **Gradebook 2** tool into their course site (**Site Info** → **Edit Tools**).

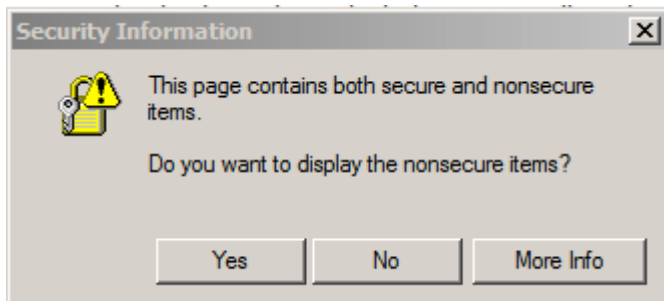

Below are instructions for both students and faculty.

Note: Turning Technologies does not currently have a Macintosh solution that works with Sakai. A release for Mac Office 2011 is expected soon!

For Students: Register your device in Sakai

You need to register your device in Sakai before TurningPoint is used in class:

- Logon to Sakai.
- Select course title.
- Select **Turning Technologies** from the left menu.
- If you get to following security information message, click **Yes**:

- Then register your ResponseCard or ResponseWare device.

<p>ResponseCard</p> <p>Handheld clicker device</p> 	<p>ResponseWare</p> <p>Software installed on your own personal laptop, mobile phone, etc.</p> 
--	--

.... End of Student Section

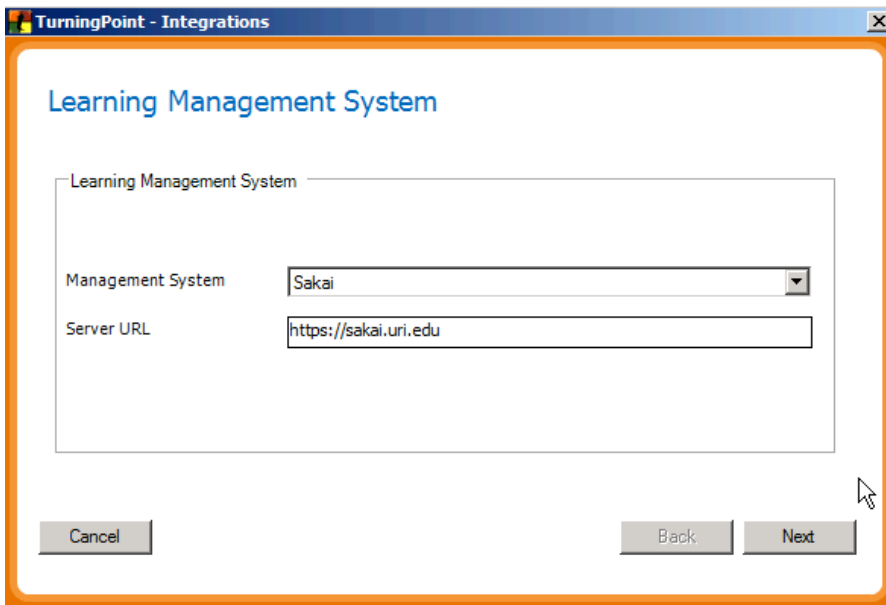

For Faculty: Verify the Participant List in Sakai

- Logon to Sakai.
- Select course title.
- Select **Turning Technologies** from the left menu.
- You will see your student list and their device IDs. You can email those who have not registered.

Turning Technologies		
Device IDs Import Session File Permissions		
Export Roster in TurningPoint Format		Send Email to Unregistered Students
Name	User ID	Device ID 
test-student-1@gmail.com	test-student-1@gmail.com	Not yet entered
test-student-2@gmail.com	test-student-2@gmail.com	032621

Connect to Sakai from the TurningPoint Client:

- Select the **TurningPoint** ribbon within PowerPoint.
- Select **Tools**.
- Select **Integration**.
- Then select **Sakai** from the **Management System** pull-down menu and enter <https://sakai.uri.edu> in the **Server URL** field as shown below.
- Click **Next**.

TurningPoint - Integrations

Learning Management System

Learning Management System

Management System: Sakai

Server URL: <https://sakai.uri.edu>

Buttons: Cancel, Back, Next

- You will see the Sakai Login page. Enter your **URI 9-digit employee ID** in the username field.
- Enter your password.
- Click **Next**.

The screenshot shows a window titled "TurningPoint - Integrations" with a sub-header "Sakai Login". Inside the window, there is a "Login" section with three input fields: "Username" containing "100002344", "Password" containing "*****", and "Institution" with a dropdown menu set to "Default". Below these fields is a checkbox labeled "Save this information for future use" which is checked. At the bottom of the dialog are three buttons: "Cancel", "Back", and "Next".

Import Participant List from Sakai and Export Grades to Sakai from within TurningPoint:

On the subsequent page, you can select **Import Participant List** or **Export Grades/Email Student Grades** from the Sakai Wizard.

The screenshot shows a window titled "TurningPoint - Integrations" with a sub-header "Sakai Wizard". The main content area asks "What would you like to do?" and lists two options: "Import Participant List" and "Export Grades/E-mail Student Grades". The second option is selected with a radio button. At the bottom of the dialog are three buttons: "Cancel", "Back", and "Next".

Import Participant List:

- After you select **Import Participant List** from the Sakai Wizard, you will see a list of Sakai course sites which have the TurningTechnologies tool.
- **Select** the course title and click **Finish**.
- You will then see the **Save As...** option to save your Participant List to the Participants folder.

ExportGrades/Email Student Grades:

- After you select **ExportGrades/Email Student Grades** from the Sakai Wizard, you will see a list of Sakai course sites from which you can choose the course site to which you wish to export. Click **Next**.
- Select the course title and click **Finish**.
- You will see the **Export/Preview Options** as shown below. Make the proper selections; e.g., the session, the gradebook item (either new or existing) ...etc; click **Finish**. The scores will appear in the Sakai Gradebook or Gradebook 2 tool.

Sakai - Export/Preview Options

Select a session

Device ID	Last Name	First Name	Score
0326D5	Lu	Charlene	10
032621	Yang	Stephen	5
033DDD	Yang	Sarah	0
